Trout Haven News

According to Groundhog Phil, the world's most famous furry forecaster, there are six more weeks of winter ahead this year.

Our Focus This Season

This season we are focusing on the health of our lakes and fish. We will be treating the lakes for algae and bottom weed growth, looking at the health of the fish taken out of the lakes and in the fall we will be doing a population study on 4 of our lakes. According to the 2013 fish reports turned in, only one fifth of the fish stocked were taken out of the lakes.

With this information and Member comments regarding that fishing is poor and they are not able to catch any fish leaves us to a few conclusions:

1. Fish reports are not being filled out or filled out accurately.
2. The fish are dying from other causes.
3. The lakes are fished out

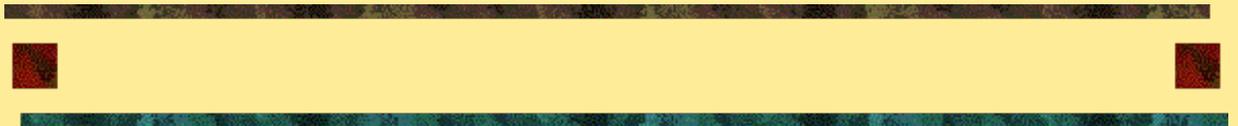

To insure that you get the best fishing experience, here are a few things you can do to help us:

Please make sure you fill out and return a fish report when you keep your fish.

Notify us if you notice any abnormalities on the fish you catch, take pictures and note which lake the fish was caught.

Thank you for your help!

For your convenience we have fish reports available at the
General Store, Conference Center,
Moon Lake, Mountain Lake and Cloud Lake.

I caught this 24" rainbow at Buffalo lake in September. He hit my lure three times and the fourth time I hooked him, what a blast to see this big boy jump.

Thank you,

St. Patrick's Day Fun Facts!

The actual color of St. Patrick is blue. Green became associated with St. Patrick's Day during the 19th century. Green, in Irish legends, was worn by fairies and immortals, and also by people to encourage their crops to grow.

The very first St. Patrick's Day parade was not in Ireland. It was in Boston in 1737.

The phrase, "Drowning The Shamrock" is from the custom of floating the shamrock on the top of whiskey before drinking it. The Irish believe that if you keep the custom, then you will have a prosperous year.

One estimate suggests that there are about 10,000 regular three-leaf clovers for every lucky four-leaf clover.

Legend says that each leaf of the clover means something: the first is for hope, the second for faith, the third for love and the fourth for luck.
